SUMMARY

Hello! I'm passionate about crafting exceptional websites that blend functionality with creativity. With a focus on React.js and Next.js, I specialize in designing user-friendly interfaces that not only look stylish but also deliver seamless experiences.

EXPERIENCE

- **Self-Taught Web Developer**
  - Independently completed several projects, including:
    - Amazon-clone(React,js): https://clone-27335.web.app/
    - blog(Next.js): https://blog-eidsid.vercel.app/
    - Cut-URL (Node.js): https://eidsid-cuturl.onrender.com/
    - Company-portfolio(React,js): https://company-portfolio-d0917.web.app/
  - strong self-motivation and dedication to learning.
  - Developed responsive and user-friendly web pages and interfaces using HTML, CSS, and JavaScript, focusing on creating engaging user experiences.
  - Utilized modern development tools and technologies, such as Redux for state management, Git and GitHub for version control, and Pug.js and Gulp.js for optimizing workflow efficiency.
  - Implemented back-end functionalities using Node.js, Express, and MongoDB, gaining hands-on experience in full-stack web development and building interactive web applications.
